We clean house in January. In going through our stock at this time of the year, while invoicing we come across odds and ends and broken lots of desirable merchandise that we are anxious to get rid of. On our center aisle tables, arranged for the purpose, these goods are placed, in many instances the lots are small and at the ridiculously low prices named, the goods are sold before we have time to advertise them.

Each day finds some new attraction on our Bargain Tables—why not count yourself one among the many who are availing themselves of these Bargain opportunities?

Just now we are naming Riddance Sale prices on all Woolen goods, Winter Underwear, Wraps, Shawls, Skirts, Fancy Neckwear, Sterling Silver articles, &c.

## REBELS CONCENTRATING.

Gen. Rios Cables to Madrid That the Situation of Affairs in the Philippines is Most Grave.

MADRID, Jan. 11.—Gen. Rios, the Spanish commander, cables from Manila reiterating the assertion that the situation of affairs in the Philippine islands is most grave. The rebels, it appears, are concentrating in the neighborhood of Manila with the intention of attacking that place. Great preparations are being made for the defense of the city. The Spanish general also asserts that the natives of the Visayas have again refused to permit the Americans to land, threatening to resist by force if an attempt is made to do so. The Americans, therefore, according to Gen. Rios, have abandoned the idea of disembarking, and he confirms a previous statement to the effect that they are unwilling to bombard Iloilo, "because the European houses are stocked with petroleum with a view of being set alight by the American shells."

Gen. Rios also alleges that the rebels are determined to fight the Americans before reinforcements arrive from the United States.

In conclusion Gen. Rios says Aguinaldo's proclamation has "produced immense enthusiasm among the rebels."

## DINGLEY HOLDS HIS OWN.

The Sick Statesman's Physicians Are More Hopeful of His Ultimate Recovery—Hasting Easy.

WASHINGTON, Jan. 11.—No material change has been reported in the condition of Representative Dingley Tuesday. He has been a trifle more comfortable and there has been a very slight abatement of the nervousness which was so severe Monday. About the best can be said is that he is not appreciably worse.

At 10 o'clock Tuesday night one of his sons made the following statement: "Mr. Dingley is holding his own and resting quietly. Pulse good. Doctors expressed themselves more hopeful."

WASHINGTON, Jan. 11.—The condition of Representative Dingley Wednesday morning was reported as practically unchanged. He is still extremely weak, but the fact that he has been able to hold his own in the past two or three days without any appreciable change for the worse and that he has succeeded in gaining considerable natural sleep, despite the aggravated nervous symptoms, gives ground for encouragement to his family and physicians.

## FOUR PERSONS KILLED.

A Train Dashed Into a Group of Unfortunates at Larimer, Pa.—Their Bodies Terribly Mangled.

PITTSBURGH, Pa., Jan. 11.—Four persons were run down and instantly killed by express train No. 13, near Larimer station, on the Pennsylvania, 25 miles east of Pittsburgh. The list of dead is as follows: Mary Miller, Thomas Miller, Albert Wilson, Walter Brown.

The train dashed into the group of unfortunates at full speed and the bodies were terribly mangled. After being gathered up the remains were taken in charge by friends. On account of a freight wreck near Larimer, it was necessary to switch the westbound passenger trains to the eastbound track. The express was running at full speed and the engineer blew the whistle, but the alarm was unheard, as the victims evidently thought that the train would run on the westbound track as usual. They are all residents of Larimer.

## VOLUNTARY BANKRUPT.

Federal Court Judge Shires Declares That His Life Insurance Policy Becomes Part of His Assets.

DURHAM, N. C., Jan. 11.—In the federal court Judge Shires has decided that the life insurance of a voluntary bankrupt becomes an asset. Hugo Lange, a bankrupt, held his policy was exempt, and Referee Webster decided in his favor. An appeal was taken, the question being, "Is an endowment policy on the life of a voluntary bankrupt exempt from classification as an asset?" Judge Shires considered the question of so much importance that he filed a written opinion holding that the policy is not exempt and that a sum equal to its cash value must be turned over to the trustee within 30 days or the policy shall become a listed asset.

Wilson held a reception, which was attended by the members of the city council, the judiciary and the clergy. All were told frankly what Gen. Wilson expects of them.

Among the callers was the Cuban general, Pedro Betancourt, who came accompanied by his staff. He promised the co-operation of the Cubans and was anxious to learn whether, after the Spanish evacuation was complete, parades and a festival would be allowed. "Certainly," said Gen. Wilson, "so long as no harm is done to persons or property." This has caused

great joy throughout the city, as the last Spanish soldiers are expected to leave on Saturday and there will be festivals during the following three days.

Surgeon General Sternberg Tuesday inspected the local hospitals and recommended certain repairs at the Santa Isabel hospital, suggesting that Gen. Wilson should ask for \$10,000 for this purpose. A villa is being fitted up for hospital purposes under the direction of Maj. Ives.

The American Sailor Knocks the Kid Out in the Tenth Round With Ease—Sharkey a Phenomenon.

NEW YORK, Jan. 11.—Tom Sharkey, the American sailor, stands Tuesday night the only heavyweight possibility for championship honors and the title now held by Bob Fitzsimmons. He whipped Kid McCoy good and hard in the tenth round of what was to have been a 30 round battle and by doing so the Irish-American pugilist forged his way so positively and undeniably to the front rank that Fitzsimmons must now consider the sailor pugilist's claim without delay.

Sharkey Tuesday night was a revelation to those who saw him a couple of years ago. His ring work and generalship are so vastly superior to his exhibitions when he first came to the east as a fighter that the improvement is almost incredible.

## BACON'S RESOLVE

The Georgia Senator Introduces an Anti-Expansion Joint Resolution.

WASHINGTON, Jan. 11.—In the senate Wednesday Mr. Bacon (Ga.), offered the following joint resolution:

1. That the government and people of the United States have not waged the recent war with Spain for conquest and for the acquisition of foreign territory, but solely for the purpose of enforcing the resolution of congress making the declaration of said war, the acquisition of such small tracts of land or harbors, as may be necessary for governmental purposes, being not deemed inconsistent with the same.

2. That in demanding and receiving the cession of the Philippine islands, it is not the purpose of the government of the United States to secure and maintain dominion over the same as a part of the territory of the United States, or to incorporate the inhabitants thereof as citizens of the United States or to hold such inhabitants as vassals or subjects of this government.

3. That, whereas, at the time of the declaration of war by the United States against Spain and prior thereto the inhabitants of the Philippine islands were actively engaged in a war with Spain to achieve their independence, and whereas said purpose and the military operations thereunder have not been abandoned but are still being actively prosecuted thereunder, therefore in recognition of and in obedience to the vital principle announced in the great declaration "that governments derive their just powers from the consent of the governed," the government of the United States recognizes that the people of the Philippine islands of a right ought to be free and independent; that with this view and to give effect to the same the government of the United States has required the government of Spain to relinquish its authority and government in the Philippine islands and to withdraw its land and naval forces from the Philippine islands and from the waters thereof.

4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over said islands, and assert their determination, when an independent government shall have been duly erected therein, entitled to recognition as such, to transfer to said government, upon terms which shall be reasonable and just, all rights secured under the cession by Spain and to thereupon leave the government and control of the islands to their people.
